The Grade 3 Social Studies Curriculum Specifications were prepared by an ad hoc committee of classroom teachers, school principals, and the Alberta Education Branch. The committee was directed by the Curriculum Branch. Alberta Education appreciates the contribution of the members of the Grade 3 Social Studies Committee.

SOCIAL STUDIES 3 CURRICULUM SPECIFICATIONS

Minimum content (see Table 1)

The basic approach involved in the development of the following specifications was that they be based on the 1982 Alberta Social Studies Curriculum.

Following is a statement of the relative importance of each area of objectives contained in the 1982 Alberta Social Studies Curriculum.

1. VALUE OBJECTIVES
 - (The total percentage allocated to the value objectives is 20%. (Weighting of objectives is indicated in value objectives list.)
 - 5% understanding of values
 - 15% comparison
 - 10% synthesis

GRADE 3 SOCIAL STUDIES CURRICULUM SPECIFICATIONS

The Grade 3 Social Studies Curriculum Specifications were prepared by an ad hoc committee of classroom teachers, school administrators, and Alberta Education personnel under the direction of the Curriculum Branch. Alberta Education acknowledges with appreciation the contribution of the members of the Grade 3 Social Studies Committee:

F. Schreiber, Alberta Education, CHAIRMAN
J. Brackenbury, Alberta Education
R. Carter, Medicine Hat School Division
F. Crowther, Alberta Education
J. Hill, County of Strathcona
M. Lavallee, Alberta Education
M. Nemirsky, Edmonton Public School Board

WEIGHTING FACTORS (See Table 1)

The basic principle involved in the development of the course specifications was that they be based on the *1981 Alberta Social Studies Curriculum*.

Following is a statement of the relative emphasis of each area of objectives contained in the *1981 Alberta Social Studies Curriculum*:

1. VALUE OBJECTIVES
 - The total weighting allocated to the value objectives is 20%. Weightings of the sub-categories of value objectives are:
 - 5% Understanding of values
 - 5% Competencies
 - 10% Attitudes

2. KNOWLEDGE OBJECTIVES
 - The total weighting allocated to the knowledge objectives is 40%. Equal emphasis will be given to each of the three topics. Each *concept area* outlined in the specifications that follow will be acknowledged in the test.

 - The knowledge objectives are structured basically around the prescribed concepts for the Grade 3 topics. Some expansion of these concepts has been made to ensure that both the topic descriptions and the questions to guide inquiry are covered.

3. SKILL OBJECTIVES

- The total weighting allocated to the skill objectives is 40%. The overall distribution of the sub-categories of skill objectives across the three topics is:

- 2% Focus on the issue
- 5% Establish research questions and procedures
- 10% Gather and organize data
- 5% Analyze and evaluate data
- 5% Synthesize data
- 5% Apply the decision
- 3% Evaluate the decision
- 5% Communicate effectively

Table 1 presents a summary of the percentage weightings for the Grade 3 Social Studies objectives. Table 2 outlines the detailed specifications for the content of each topic of the course.
